

Passionate about the air sector ? Want to learn and evolve in an expanding company ?

We have a job for you !

OPERATION OFFICER

Your job description:

You will act as a “liaison” officer on behalf of the company towards the clients :

- You will instruct and supervise the cargo build-up in coordination with the Duty Managers and Shift leaders
- You will provide / issue all flight documents required by the customer.
- You will organize / optimize the W/H and RAMP activities, in coordination with the shift leaders and Duty Managers while respecting safety, productivity and quality objectives.
- You will follow-up flights schedules, set up HOTAC, crew transport and in-flight catering, when requested by the airline.
- You will prepare a Weight & Balance and Load Plans, accounting for all of the planned load and with consideration to all A/C restrictions.
- You must be able to communicate, accurately and efficiently, with all internal departments and clients.

Your qualifications :

Required skills

- You have a “bachelor” degree in logistic or external trade
- You are fluent in French & English (Verbal & written)
- You are computer-skilled (excel, word, ...)

- You have excellent human relationship (team spirit)
- You are able to work under operational constraints and tight deadlines
- You are flexible and able to invest extra hours in work if needed.

Your added-value

- You have an experience as traffic officer, load controller or loadmaster
- You have a valid DGR Cat 6. certificate.

We offer you

- An attractive salary package including fringe benefits
- Specific trainings
