

For our group company ABC/AFL we are looking for an

Operation (Ramp) Supervisor (f/m) full-time, soonest

Workplace

We are looking for suitable candidates for our office in

- Liege (LGG), Belgium

Brief Description

You are responsible for the safe and on-time dispatch of our cargo aircrafts and responsible for smooth coordination of all operational processes. This includes the liaison with all service providers and local authorities involved in the dispatch processes.

Main Duties

- Administer the smooth and on-time dispatch of our Cargo aircrafts at on-line and off-line stations
- Coordination of all service providers involved
- Liaise with suppliers, internal departments and flight crews
- Compilation of all flight documents, such as load sheet, load plan, notifications, etc.
- To perform any other ramp related or administrative duties as may be reasonably required.

Required Skills

- Able to work under operational constraints and to tight deadlines
- Able to work in a team and to work without constant supervision
- Strong organizational skills
- Able to take instructions
- Fluent in French/Dutch & English (verbal and written)
- In possession of a valid driver's license
- Reliable and approachable
- Willing to work shifts and weekend / public holidays
- Convincing appearance and poise
- Travel propensity with all means of transportation
- Experience in the Cargo Industry preferred

We offer

The opportunity to work in an expanding company who is seeking to recruit a growing team of qualified and experienced staff and offering an adequate remuneration

Application

If you feel you are able to fulfill the role described above please send a covering letter and your CV in English stating your salary expectation via e-mail to hr.europe@airbridgecargo.com.
