

LIEGE AIRPORT is looking for a **Deputy Head of Operations (H/F)**

Function

The Deputy Head of Operations assists the Head of Operations in all aspects related to the operations masterplan and staff management and plays a key role in the further growth, development and management of the operations structure. He/she contributes to strategic projects related to airport operations and safety in a continuous improvement approach.

Main accountabilities and tasks

You ensure the follow-up and the coordination of the Operations Masterplan;

You play a key role in strategic projects and meetings (fuel farm, runway extension, airport Safety, airport growth, operations optimization ...);

You monitor new technology and good practice to improve and optimize Airport Operations;

You act as SPOC for "Direction Générale du Transport Aérien";

You monitor the compliance (ICAO – EASA) of the Airport Infrastructures and procedures in collaboration with the related services and stakeholders;

You are the regular point of contact with airport authorities and stakeholders (Sowaer – SPW – Skeyes - Airports...);

You are the key contact concerning strategic studies (Airport capacity – Landing Instrument technologies evolution – new approach procedures...);

You lead, coach and develop operations teams;

You initiate workgroups and projects around transversal issues accross operations;
You act as a back up to the Head of Operations;

You are an involved actor in case of crisis management and special events;

You define KPI for the Operations Department.

Profile

You hold a Master degree and you have a proven track record of at least 8 years in a similar position; an experience in an airport environment is a must;

You have solid communication skills in French and in English combined with convincing and negotiation skills;

Highly organized, you are able to combine strategic thinking and inspirational leadership;

Continuous improvement and project management are your favourite playgrounds;

You combine strong analytical skills and a creative mindset;

You are result and solution oriented, strengthened by a collaborative and supportive approach;

You are a good communicator and a source of inspiration for your colleagues.
